As the University of North Florida begins its second academic year we welcome some three thousand new and returning students to the campus. We also welcome a number of new faculty and staff members who have just joined us. Our community, or University "family" as some call it, has increased significantly since last fall, just as we had hoped.

This should be a good year for us all. It should be challenging and rewarding--and better than last year for we are growing in both experience and resources. We have new facilities completed or nearing completion all around us. We have new programs, new organizations, and new ideas underway. We are improving constantly but we cannot actually become an outstanding institution until everyone becomes involved in the process. I urge you, as members of this community, to seek ways to participate--through the General Assembly, through organizations, or any other means--and help make UNF a source of pride for us all.

The UNF students, faculty and staff welcome Dr. Darwin O. Coy as the new Dean of Students. Dean Coy served as Associate Dean of Students at Milliken University Decatur, Illinois. He is a graduate of Wayne State University with a B.S. and M.S. degree and earned his Ph.D. from the University of Chicago.

In a recent interview, Dr. Coy expressed his desire to get to know all the students. He hopes that they will feel free to visit with him as well as exchange ideas which will benefit both the students and University.

Dr. Coy would like to encourage identification of the student with the University and thus create a feeling of pride and ownership which is sometimes lacking in a commuter college. He feels that the individual departments might create this feeling of pride through clubs and organizations within each department. Clubs that involve students interested in similar ideas and projects can be a beginning.

Students who participate in General Assembly and other activities on and off campus also nurish awareness of University problems as well as enjoyments. Hopefully, the entire student body would be able to find some club, project, or event that would allow them to become an integral part of UNF as a student and later as a proud alumnus of the University. Once again, we welcome Dr. Coy as our new Dean of Students.

A FIRST FOR UNF: Dr. Richard Bizot of the Literature Department conducted a telephone interview with Jerzy Kosinski, author of the National Book Award winning novel, Steps. Mr. Kosinski was in his New York home and students of Dr. Bizot's Literature classes 485 and 969 were in a conference room of the University. Questions for the interview were submitted by the students as a class assignment.

Mr. Kosinski began with the statement, "When I speak now, I speak not as the author of the book -as then- but I am the reader now, not the author, and I perceive the book just as others perceive it. So go ahead with your questions." The questions dealt with the characters, settings and events of the book as well as Mr. Kozinski's opinion on recent Supreme Court rulings on local control of pornographic or obscene literature.

In regard to censorship, Mr. Kosinski feels that the reader must make the judgement, not only in regard to censorship but also must decide whether to continue reading the book. He feels that the author creates the situation; the judgement of this situation must be made by the reader. A novel should involve the reader, not like a news article which is a report of an event, thus separate from the reader's life. He went on to say, "The only way to be human is to welcome awareness, to be conscious of oneself, thus achieving self-definition. The book Steps could be the steps of life, levels to be taken or avoided, but as always the reader must decide which to take or avoid. Once the staircase is walked, then it is too late - every step is needed."

Mr. Kosinski proved an interesting speaker as well as author, and the event was an unusual learning experience. Dr. Gary Harmon, Chairman of the Literature Department hopes that this conference interview will be the first of many for UNF.

UNF art students are having a display of their paintings during the month of September in the Library foyer. Ten paintings which range in style from hard-edge and soft-edge abstractions to primitive, lyrical and illusionary realism, by seven UNF art students, are on exhibit.

The paintings were selected and cited for awards by the painting instructor Charles Charles, Associate Professor of Art in the Department of Fine Arts, according to Fine Arts Chairman, Dr. Gerson Yessin.

The first prize of \$100 was awarded to George Goff of Jacksonville Beach for his 4-ft. square canvas, "Untitled". The second prize of \$75 was awarded to Dick Caton of Jacksonville for his 3 x 4 ft. painting, "Tree Growth." A third prize of \$50 was shared by Ralph Kline who is in the graduate school of education and is a secondary art teacher in Macclenny for his "Six Faces" painted on unstretched canvas and by Randy Taylor, Jacksonville, for his super realistic 2 x 3-ft. painting, "Clock-Light". All works are for sale and offer the public an original and unique painting at a modest price ranging from \$15 to \$150, according to juror Charles.

Other students included in the exhibition are Kim Dowell, Englewood High School art teacher, Ron Lamb, Jacksonville, and Debbie Applewhite, Fernandina Beach.

Vehicle Registration

Re-registration for academic year 73-74, is currently underway. All UNF personnel are encouraged to obtain your new decal as soon as possible. Courtesy tickets will be issued to all personnel without a current decal commencing Monday, September 24, 1973. UNF citations will be issued to all personnel without a current decal commencing Monday, October 1, 1973.

The UNF Health Service is for the ill student, preventive medicine and health education.

The Health Office is located in Room 2421, Building 003. Registered nurses are available during class hours. A complete referral service is available for students who are new to the area and wish to find a physician or dentist convenient to their residence or campus.

Health counseling is available on any health problem you may encounter. Rest areas are provided for ill students. Non prescription medication is given and arrangements can be made if a student requires certain prescription medication.

The health service functions as an information resource center for community health and health related agencies.

We are anxious to meet all new students so please visit the office. Don't wait until you are ill!

Reminder to Financial Aid Students

Failure to have your registration fee card validated at the Cashier's window prior to Monday, October 1, 1973, will result in your being assessed the \$25 late fee.

Financial Aid Funds will not be available for distribution until after the close of the add/drop period.

Late Fee Reminder

For all students registering for Fall Quarter Saturday, September 29, 1973, is the last day to pay registration fees without assessment of the \$25 late fee charge.

PARADES

Dorothy Chace, David Doyle, Brad Sullivan

Color; Rated R, Rated A-3; 95 minutes

Cinerama Releasing, directed by Robert Siegel

PARADES is a sometimes tough, well performed and controversial drama that serves as a social comment about Army life. The setting is inside an army stockade at Fort Nix where the viewer sees the dehumanizing treatment dished out to soldiers who have broken Army regulations and are thus felt to need discipline. "The strength these scenes evoke is in capturing the basic lunatic world that Army thinking creates." INDEPENDENT JOURNAL. "Acting is excellent!"

THE BATTLE OF THE BULGE

Henry Fonda, Robert Shaw, Robert Ryan, Dana Andrews
directed by Ken Annakin

Color; Probably Rated G, Rated A-1; 141 minutes

Powerful performances by veteran actors Henry Fonda, Robert Ryan and Robert Shaw make Warner's production of THE BATTLE OF THE BULGE a truly memorable movie. Here is a dramatic version of one of the great moments of World War II when the Allies were faced with a surprise German breakthrough of such ferocity that it could easily have turned the tides of war and history. A cast of top Hollywood stars found themselves literally reliving the conditions of foul weather that made life for the American foot soldier a real nightmare and oft-times a death trap in World War II. This is an outstanding war film that brings back historic moments of the not too dim past.

CASINO ROYALE

Peter Sellers, Ursula Andress, Joanna Pettet, David Niven
directed by John Huston, Ken Hughes
Color; Probably Rated PG, Rated A-3; 106 minutes

Suggested from the flowing pen of Ian Fleming this indestructibly mad and indescribably funny movie carries a plot that is just too much for one James Bond. Consequently, Niven, Sellers, Allen and Cooper are all 007. And in this superspectacular, our James Bonds make love to 43 women, shoot 56 men, send Indians on the warpath, ride in flying saucers, escape a South American revolution, meet the daughter of Mata Hari, pay off the Pipers of Scotland, smash SMERSH, take a naughty peek through the Iron Curtain, and, just for kicks, break the bank at Monte Carlo. "It's fun and laughs all the way," says CUE MAGAZINE and the N. Y. TIMES adds, "Grandly launched, riotous and romantic!"

PRIME CUT

Lee Marvin, Gene Hackman
Color, Rated R, Rated C; 91 minutes
Cinema Center Films Presentation,
directed by Michael Ritchie
A National General Pictures Release

"PRIME CUT is a violent electrifying movie! Marvin and Hackman play the hell out of their parts. If you love to shudder and squirm, go see PRIME CUT." Norma McLain Stoop, AFTER DARK. Lee Marvin, as the big-time syndicate enforcer, is pitted against Gene Hackman, who runs a "branch office" and who also decides to do away with the syndicate profit sharing. Hackman uses a cattle slaughterhouse as a front for a prostitution racket that attributes its assets to young female orphans. Under the careful direction of Michael Ritchie (DOWNHILL RACER) you'll be moving so fast you won't be able to tell the real hot dogs from the rackateers. "PRIME CUT'S acting is topnotch with those old pros Hackman and Marvin," Ann Guarino, NEW YORK NEWS.

CLUB

NEWS

The Black Student Union of the University of North Florida was organized in the fall of 1972 and is affiliated with the Florida Black Student Unity Association, a state-wide body in which two UNF students hold executive office. The Union seeks to promote quality education, school and community service, and to provide an open forum for the exchange of ideas and experiences. As an interest organization, the Union will examine issues relevant to the political, economic, social and cultural aspirations of the Black peoples of Africa, the United States and the Caribbean. In addition to these discussion sessions, the Union has planned community service projects for the Jacksonville core city.

Representatives from the Black Student Union of the University of North Florida will participate in the Fourth Annual Convention of the Florida Black Student Unity Association and in the Annual Conference of the Center for African and Afro-American Studies at Atlanta University, Atlanta, Georgia. The sole criterion for membership is that the prospective member be registered to vote. Interested students should contact Mrs. Catherine Allen, BSU Chairwoman, or Carlton R. Williams, BSU Faculty Advisor, for additional information.

All interested students, faculty and staff are invited to attend an organizational meeting of the UNF Mathematics Club. The club will tentatively meet weekly with members presenting topics of interest to the group.

The first meeting will be held Thursday, September 27, 8:30 A.M. in Building 003, Room 1301. If you are interested but cannot attend the organizational meeting, please contact Dr. Elgethun, 001/2350, phone 2506.

The University of North Florida Society for Advancement of Management is dedicated to the development of tomorrow's managers today. UNF SAM plans to join the national Society for Advancement of Management, Inc. in the Fall Quarter of 1973 as a student chapter. Over 200 chapters have been chartered in leading colleges and universities in the United States, Canada, Puerto Rico, and Iraq.

In the coming year, UNF SAM will present programs which fall into these general categories: (1) Speakers from local industries, (2) Social functions, (3) Trips to local industries, and (4) Meetings with local organizations.

One learns by doing and develops through participation and personal involvement. True security comes from the attitudes, habits, and beliefs which the individual develops for himself. SAM has been and can be a valuable supplement to the classroom.

SAM will be conducting a membership drive from September 24, to October 5, 1973. Membership is open to all students and faculty at the University of North Florida. We ask all who are interested to join and find out for yourselves what a good guy SAM is.

Yes, friends, there is a fraternity at UNF. Alpha Phi Omega is the only fraternity on campus. The UNF colony of this National Service Fraternity would like to welcome back the returning and new students to UNF. We would also like to extend an invitation to all the men on campus to become a part of APO. Dates and times for Fall Quarter meetings will be posted soon. For additional information contact Roger Sallas, through the Student Activities Office.

Announcing the formation of UNF's Tennis Club. All persons associated with the University who have an interest in tennis are invited to attend the first organizational meeting Tuesday, September 25, 1973, at 12 Noon in Room 1371, Building 003.

Remember, you are wanted and needed regardless of your skill level. You need not be a highly skilled player to be a club member.

Dr. Terry R. Tabor, Department of Health and Physical Education, will serve as faculty advisor and will help you learn to play or improve your game. Join in and help make this the most active sports club on campus.

The Propeller Club of the United States, Port of the University of North Florida, is concerned with matters of interest and importance in maritime matters, domestic and foreign commerce, business administration, and economics. We try to foster group discussions and individual discourses by either active members or outside experts in these fields, to promote scholarly research in fields of concern to the maritime industry, and encourage good fellowship among its members.

The club is composed of students in all areas of business administration and other majors. Through participation in the club, members will have a broader concept of the business world. We believe in getting into the business community by introducing students to businessmen who hire college graduates in their particular fields.

The activities in which club members have participated are too many to enumerate, but to give the prospective members an idea of these activities and the functions of the club, we have prepared a short list: Port tours, company visits with Executives, Luncheons, Conventions, Panel Discussions, Prominent Speakers, Social Events, Scholarships, Awards, etc..

We hope that you carefully review the merits of the Propeller Club at UNF and then ask yourself if these functions and activities will be beneficial to your stay here. If the answer is yes, then get in touch with members of the Propeller Club, who are anxious to answer your questions.

"What's Happening"

A campus newsletter, "What's Happening," is published bi-weekly to keep students informed on events of interest. Class activities, club news, sports announcements, and general campus information are included. Anyone interested in joining the staff of the newsletter should contact the Office of Student Activities.

Yearbook Magazine

UNF hopes to publish a soft cover yearbook, which will be a combination of a literary magazine and collection of campus photographs. All students are invited to contribute short stories, poems, and photographs. Anyone interested in working with the yearbook staff, please contact the Office of Student Activities.

Members of the UNF Potters' Guild and their faculty advisor, Kenneth L. McMillan (fine arts instructor), traveled to Newman, Georgia, where they participated in the Powers' Crossroad Country Fair and Arts Festival during the Labor Day Weekend. The Guild's group exhibit was among the 1730 exhibits displayed during the four day event.

The Guild participated in the art show and sale which was held at Roosevelt Mall September 13-15. Ten-percent of the profits from the sales went into the Guild's scholarship fund for use by a designated art student showing a financial need.

Art Students interested in becoming a member of the Potters' Guild may receive information from Mike McIntyre, McMillan or the Fine Arts Office.

The Intramural Department has just completed a very successful Summer Quarter. Our extramural softball teams, the 3-man basketball league and tennis clinic were all well supported by the students, staff, and faculty of UNF.

Since our Summer offerings were so well received, the Fall Program should be as equally appealing. Our Fall Quarter Program will consist of a new tennis club, a mixed volleyball league and a 6-man flag football league. The tennis club will begin with an organizational meeting on Tuesday, September 25, at 12:00 Noon in 003/1371. This club will be open to any student, staff or faculty member desiring to play tennis.

Volleyball will be introduced on campus this Fall with a planned mixed league (3 men, 3 women). An organizational meeting to answer all questions will be conducted Tuesday, September 25, at 12:30 P.M. in 003/1381. As always this activity is open to students, staff, and faculty at UNF.

For the more hearty individuals, a 6-man flag football league is offered. The organizational meeting for this activity is set for Tuesday, September 25, at 1:00 P.M. in 003/1381.

You may wish to form your own team in your college or group, or you may attend these meetings seeking to become affiliated with a team. In any event, be in attendance or send your team's representative. Everyone will play, but you must attend to find out the details.

Sports Week

This is a week of games where students, faculty and staff compete, having one major competitive sports event each day. Some suggested games will be tennis, volleyball, flag football, baseball and basketball. These games will take place during the week of October 22 through 26.

This public document was promulgated to inform students about Student Activities at UNF at an estimated cost of \$.067 per copy.

The UNF Intramurals Department is trying to develop a University wide mixed bowling league in conjunction with Jax Lanes at 8550 Arlington Expressway.

Shoes will be furnished free to all participants. The charge will be between 60¢ and 75¢ per line, depending on the times chosen to bowl.

UNF will be allotted lanes at the following times:

- 1) 6:45 P.M. - Mon.
- 2) 9:15 P.M. - Sun., Mon., Thurs.
- 3) 12:00 Noon - Tues. and Thurs.
- 4) Anytime between 2:00 P.M. and 12:00 Midnight on Sat.
- 5) Sun. before 4:30 P.M.

It has been suggested that a doubles league (2 on a team) or 4-member teams be organized. Please indicate your preference to all of the above by message to the Intramurals Office 001/2264 or phone 646-2579.

The following information will also be needed - please submit...

- 1) Name (include all team members)
- 2) Addresses and phone numbers (business and residence)
- 3) List 1st and 2nd choice times your team can bowl.

An organization meeting will be held in 003/1381, to answer all questions concerning this league. PLEASE ATTEND OR SEND YOUR TEAM REPRESENTATIVE.

Table Tennis Contest

This competition will be held the first part of November and will last four days with awards on the fifth day. Categories will be singles, doubles and mixed competitions. Students, faculty and staff are all welcome to participate in this event.
